Community Service Project in Preparation for Confirmation

You have been blessed with many special qualities and talents. A sign of maturity is sharing these gifts with others, especially others who are less fortunate.

An important step in your preparation for the Sacrament of Confirmation is for you to demonstrate this growth by freely giving of yourself in the service of others. This is a way of showing your love for God and your maturity as a Christian. Ask yourself how often you go out of your way to assist others or if you make yourself available to serve others as Christ asks of us.

When performing community service, you will learn about giving back to the community and to others less fortunate. You will also learn work ethics i.e. to give your best and do your best. It is hoped that this venture into community service will provide you with a sense of achievement and self-fulfillment and begin a life-long commitment for you to serve others as Jesus did.

As mature Christians we must have concern and reach out to the members of our community who are in need of our talents. In preparation for the Sacrament of Confirmation each candidate is to perform 15 hours of community service. This service is to assist someone outside your immediate family and you should not receive any financial or material remuneration. Please account for these 15 hours of community service on the "Confirmation Community Service" Form. All service must be documented (signed off on the form or accompanied by a signed letter on letterhead). Please reflect on what you learned and how helping others made you feel on the second page of this form.

Your community service hours and this form will be due in February 2018.
