

Our Lady of the Sacred Heart Church
Religious Education Program
Family Community Service Project
Information and Form – Due No Later Than
May 5, 2019

Jesus loves us. He shows his love for us continually. And so, we must also respond in kind and show Him we love him. One of the best ways to show Jesus we love him is to help others.

Hence, the OLSH Religious Education Program requires each family to be involved with a family community service project of at least two hours every school year. You can do more than one activity to reach to the required two hours. You may choose anything that helps the community in general (not your family) and for which no one is compensated.
